**Local Bank Is Alert****A FORGED GRAIN CHEQUE  
FARM HAND SENTENCED**

Before Justice of the Peace E. W. Laubert on Wednesday, Edward Antonius, a farm hand, for several months past employed by H. S. B. Chamberlain, was committed for trial on charges of having uttered a forged document, namely, a grain cheque for \$84.47, and other forgery.

It was proved in the evidence that he had confessed to the police on both offences.

Evidence was given by Miss Gibson, elder, and J. Van Tighem, manager of the Bruce Lakes Hotel, that the bank, that on February 9, received a forged check cashed.

Mr. Gray was phoned for and stated that it was not his signature, and that the slip had been taken from the elevator and filled in.

The cheque was made out in favor of "Frank Almon" and no person of that name does business with the local elevators.

Evidence was given by Constable Hale and Sergeant Forbes, A.P.P., that he had advised them to see that he had tried to cash cheques himself.

Antonius was taken to Calgary following the hearing. He is stated to be twenty years of age.

Before Judge Winters, at Calgary, Saturday, Antonius pleaded guilty, and was sentenced to three months imprisonment at Lethbridge, and a fine of \$100 with imprisonment for three months if the fine was not paid.

The fine was not paid he will serve nine months.

## Standard Danish

### Players

With a boltng out of one hundred  
and fifty one dollar bills, and an ex  
pansive smile, the treasurer of the  
Danish Amateur Dramatic Society  
agreed that Friday night was a suc  
cess. The Terpsichorean enthusiasts  
under the able direction of their  
coloratura, gave the same sen  
timent. The players, with their or  
deal over, hoped their efforts had  
pleased to the extent that the hearty  
applause had pleased them. Even the  
cake and coffee experts, as mountaine  
ers to the rescue, were gratified because en  
gulfed in rivers of coffee, showed ex  
altation at the success of their efforts  
in that direction.

The scene was the S. and S. Hall at  
Strathmore on Friday, Feb. 12th, 1925.  
After a brief intermission, the hall  
was dismantled and re-erected on the same  
site by Mads Sorensen and D. Svends  
sen, was informally opened by the pres  
entation of the season's study by the  
Danish Dramatic Society. The audience  
was mostly from Strathmore and any  
smalltown; the floor space is ample,  
the acoustics properties are excellent.  
A small balcony affords seating as  
commodation for thirty persons, as well  
as containing a projection room for a  
moving picture projector. The screen  
is above the stage at the present time.  
The stage is flanked by two dressing  
rooms connected by a runway. At one  
side of the hall is a kitchen with facilities  
for serving lunch. There is also  
space made for the people who prefer  
to play while whilst a dinner is in  
progress.

As was to be expected, the Danish  
speaking people from the district were  
out in force. One of their largest  
numbers was that of Danish immigrants  
gathered in the basement bar but was  
dissipated by the sight of the Canadian  
ensign occupying a prominent position above the stage. These  
seemed to all the young Danish  
daughters and mothers who came from  
"Dina venner i Danmark" yet certainly  
from "Rødy in Slagen, and from  
Elmose to Ribe," all intent on  
enjoyment.

The hall comprised three sections,  
each was presented "Slammer, Tr  
re" in two acts. This centred on the  
escape of two desperate convicts from  
a nearby prison. Two girls being left  
at home alone that night, refused the  
protection of two young fellows who  
had come to the rescue. The girls  
then got a joke, impersonate the  
convicts. Because their plane were  
overhead by their expected victims,  
the joke was likely to misfire. How  
ever, the girls were not afraid and  
despite disastrous results to the third  
comedy impounding. Modified by the  
coolness and impudence of the girls,  
the desperadoes attack them. In the  
midst of the fight, the girls arrived  
in effect, and the girls were captured  
by the youths. The girls were captured  
and the convicts escape. Badly battered  
these heroic youths are interrupted in their  
self-congratulations by the arrival of  
their police officer. Under his orders  
he beats a desecrated retreat at the point  
of a shot gun. Returning later with  
reflections, explanations, and  
apologies, he made a speech which  
the girls were pleased to hear. Helpful  
words were spoken by Messrs. Sut  
terfield, March, Whitney and Rev. A.  
D. Currie. The evening was made  
more pleasant by the singing of local  
Minstrel Club boys from this year  
and the Captain Childs' band who  
also joined. The girls, however, were  
not quite so pleased to hear the Captain  
talk about the girls' capture.

Following this came an item  
"Bystader," which was awaited with  
intense interest, as it was expected to  
contain puns and references to local  
events. The "Clash of Colors," the  
Taxis, Minstrel Club boys from this year  
and the Captain Childs' band who  
also joined. The girls, however, were  
not quite so pleased to hear the Captain  
talk about the girls' capture.

The third annual Father and Son  
Banquet, for Father and Son of the C.S.E.T.

Thursday evening, February 12th, in

assessment, and this was discussed for

some time.

The availability of a business

tax, and of taxing improvements,

was discussed, and the Council de  
cided to adopt the single tax for another  
year at least.

Again a home has been visited by death, and taken from our midst. Bert McDowell a well known and highly respected young man from south east of Rosebud. He was married only three years ago to Mrs. Bert McDowell, and after a short honeymoon they had resided on his farm until sickness came and he was removed to the Holy Cross Hospital in Calgary, where he was in a critical condition for nearly two weeks, when death came to remove him.

Don't forget that Valley Gardens Community Club meet on Friday, the 29th, at the Valley Gardens school house. It is hoped that all members will be present as a big program is to be put on that evening.

We regret to hear that Mr. Jim Whitehouse is in bed suffering from an attack of pneumonia. We all wish him a speedy recovery.

Little Tom Kinnell, who has been suffering from a bad attack of tonsillitis, is now feeling much better.

The bachelors of Nightingale are going to treat the community to a dance on March 6th.

### TOWN BEAUTIFUL

Gleichen has a live board of Trade. They have obtained the grant of water from the C.P.R. to bring the ditch into town if the people of the town will cooperate by planting trees along the ditch. This will be a great service made to Strathmore some years ago had not been taken up. Is it too late yet? It's about time our own Board of Trade was experiencing its annual veritable pulse of activity.

### HALF HOLIDAYS

Some interest is being manifested on the part of the public, once a week for the retailers of Strathmore. There is no one more entitled to a weekly outing in the fresh air than the retailer, who is cooped up behind the counter for six days a week, and for the whole of Saturday night. The first half holiday of the year, last year an effort should be made on a basis of taking in the whole of the towns and villages in the Western Bow Valley, and have the holiday on the same day as the Galcary one. This would be a great success, and would meet in friendly rivalry a baseball, golf, tennis, and other sports, without having to adopt the questionable expedient of Sunday games to meet together.

### CHURCHES AND PROHIBITION

The annual convention of Alberta prohibitionists held here recently, Rev. H. H. Hall, among other things, said that "It had to be recognized that the pulpit was the chief place for propagandism." The pulpit, when doing its fitting place for the time, compensates us for the wrongs, but that it is to be recognized as a wrong doctrine, in our opinion and in that of the two oldest established Christian Churches on this continent. Those who attempt to use the pulpit for the propagation of the social enemies of the church's development.

Judging from the press reports of the Prohibition Convention, some pulpit propaganda might be devoted to the evils of malting statements on them, without reference to "Then shall not bear false witness" is one of the imperative commands of the moral code.

### DAIRY AND EGG POOLS

Dairymen and poultrymen should take a more prominent place in the perspective of the egg, dairy, and poultry pools, which have been formed in the province recently as a consequence of the same principle as the wheat pool. In eggs, especially, where the price fluctuates from 15¢ to 25¢ per dozen it would appear that a pool would function to some advantage.

Perquisites, can be had from the offices in Edmonton, or from local U.P.A. officers.

### AGRICULTURAL FAIR

Editor, Strathmore Standard,

With regard to your paragraph in last week's issue on the formation of an Agricultural Society, I hope you will be glad if you will allow me a little of your space to give some information to your readers in this matter.

A considerable number of people, locally, have requested me to see if it was possible to get such a society organized, and with this in view, I think that it should be given some publicity.

Most of your readers are aware that there are held at such smaller places, as Strathmore, and with considerable success, but the success is due entirely to the efforts of the executive and members of the societies themselves. On consideration of the Provincial Agricultural Societies, I find an analogy to these fair, but the amount is small compared to the effort necessary to put on a good exhibition.

As it is advisable that an early start be made if a fair is to be held here this year. I will be glad to hear from those who are interested in the

fair.

formation of a society, so that members can be got as to the amount of support that can be got, both from town and country. I will be glad if any who read this letter would phone me at 35 or 38, telling me of their willingness to join the proposed society.

The Agricultural Societies require that at least 50 persons, who shall each subscribe a minimum amount of \$1.00, must sign the application for forming the society, and this application has to be submitted to the Minister of Agriculture for his approval.

Strathmore and district can make a success of this, and my services are available for this end, but as it will be a long and difficult task, I will be glad to hear from those willing to join the society at once so that the preliminary steps can be taken.

Practically all the business and professional men in Strathmore have already signed their willingness to be in every possible way, and I am sure that they will secure the help of the majority of the residents of the surrounding district.

The benefits that will accrue from getting Strathmore in the first class may be summarized, and the educational value of a good exhibition is evident to everyone.

We have the right material in the district to make a real fair, so let us organize it at once, and we can save the expense of holding it elsewhere.

Let me hear from your readers again expressing a desire to join up and I will do all the necessary preliminary work.

Thank you, Mr. Editor, for the use of your valuable space.

I am, Sir,

Yours faithfully,

F. J. DUNN

### PREVENTING ILL HEALTH

By a Local Correspondent

Certain diseases is tremendously expensive.

Nothing is so economical and so conducive to race betterment as preventing sickness by rational living—consciously making use of common sense health rules. In order to keep up our race, we must do the best that makes us ill.

It is supremely important that we should seldom be ailing. Nothing contributes so much to health preservation as making use of fresh air, drink, and diet, and all the other things that cleanse and tonne and eatin plain simple natural foods, whole wheat bread, grain cereals, plus fresh raw vegetables, greens and fresh fruit; avoiding artificial sweets, carbonated carbonated liquids, ever prepared or manufactured foods, particularly sugar and white flour products, have, perhaps, poisoned more systems than cigarettes and alcohol. Stomach ulcers and most others can be cured by a diet of plain natural foods in proper combination.

Eat fruit and cereals without sugar. Fruit and vegetable eaters will be scarce on the list of sick people.

One fruit meal, say breakfast, with milk, will be a tonic.

Vegetables and either, but not both, bread and meat for dinner.

Whole wheat is closely around grain made into cereal, bread or biscuit, and eaten with meat or butter for supper, will help to build up the body, building up physical and mental strength, which leads to happiness and success.

When sick, fast, rest, and keep warm until food can be assimilated, the body nourished and energy restored.

Our Correspondent at Chehalis

Began like many others, he came west to the point to see Vancouver's Orlando Grant Craig who, every winter, sends us a summary to chehalis youngs for the benefit of the standard readers. had no photograph to hand in at the time so we published the photo graphs of a number of our correspondents in the Xmas Edition, but secured one later.

The subject of our sketch was born in Beerton, Ontario, and came west twenty years ago, going into ranching in the Chehalis country of Washington. He remained there for fourteen years, when he came to Chehalis. One of his good points as a correspondent is his punctuality. His copy is never held up on account of being ready to hand in on time. In view of being married to a woman of the name of Mrs. Craig and a healthy and happy family of boys and girls, he leads a contented existence in strathmore's western suburb. His leading hobby is Masonry, and he and other Chehalists are regular visitors to strathmore Lodge and Chapter.

Mr. Modest Long, son of Rev. George Long, has returned from Canada. N.D. Modest is preparing to make his home here, a wise choice too.

W. McCulloch, Mr. H. Miller, Miss Peggy Shaw, Mrs. B. D. Wilson, Mrs. A. McRae, and Miss Jane McCullough.

## Curling

Whatever complaints are being made about the weather, they are not being made by the curlers, who have enjoyed an uninterrupted season since the opening of play in the middle of December.

During the past two weeks the fourteen local rinks have been engaged in a bonspiel, and in addition some of the enthusiasts have been engaging in other forms of winter sports.

The bonspiel ended last week, skips of the winning teams being:

Grand Challenge—J. E. Whitehead.

Citizens—L. B. O. Lodmell, 2. Syd.

Consolation—J. Jos. Van Tighem, 2. W. G. Way.

Details of the prizes will be given next week.

The four ladies' rinks have been for the past two weeks engaged in play for the A. S. C. trophy, which will finish this week. Mrs. H. Anderson's rink is leading at present. The ladies are taking a great interest in the game, and are developing into expert players.

This week sees the commencement of the draw for the trophy presented by the Calgary staff of the C.P.R. Department of Natural Resources.

It is stated that Natomas will probably have a rink of their own next winter, which will increase competition.

A local rink is being made up to visit Cochrane shortly.
